Project Polyhedron

Vance McCarter, Director

Project Polyhedron is a modern educational concept in which a student, aided by project staff members, works on a self-constructed problem. The solution to this problem will depend upon the mastery of certain concepts drawn from a number of academic disciplines. Each problem will center on the current interest area of the student. The progression of the student will follow the mastery of the concepts and may continue in the same interest area, may take a tangent as the student is stimulated by certain facets of the problem, or may abruptly switch as the student changes his interest.

Selections

Chosen by the coaches of the Lakeshore Conference teams, this year's all-league teams were once again dominated by the Ottawa Hills Bears. Through outstanding performances in all of our 1968 games, highlighted by the 57-14 trouncing of Otsego, these ten players earned their honors and demonstrated the strength of our 1968 Ottawa Hills High School Varsity Football Team.

Ottawa Hills Rallies To Down Perrysburg

Ottawa Hills High School defeated Perrysburg a 6-0 first half lead, then roared from behind for three straight touchdowns and a 21-12 non-conference victory Friday night at Ottawa Hills.

The Yellow Jackets provided unbeaten Green Bears with tense moments, but 10 Perrysburg fumbles snuffed out drive after another with Ottawa Hills recovering five. It was the Bears' fifth consecutive victory while Perrysburg is now 2-3 on the season.

Fullback Mary Bachman put the Yellow Jackets on the score in the first quarter scampering 20 yards for a touchdown.

Ottawa Hills came on strong in the second stanza with a pair of TDs. Mike Miller capped one drive with a 35-yard plunge for the first of his two touchdowns and quarterback John Lumm hit Rudy with a scoring pass to make the score 13-6 at halftime.

Lumm, who completed only 11 passes on the night, led the last play of the game.

Lumm, Miller Spark As Ottawa Hills Win

GREEN SPRINGS, O. — Ottawa Hills high compiled 593 yards total offense in crushing Green Springs, 45-19, for its second straight football victory of the season Friday night.

Quarterback John Lumm led the Green Bears with three touchdowns rushing and one passing.

The senior signal caller scored on runs of 3, 10, and 26 yards while throwing a 32-yard scoring pass to Bob Wilson.

Mike Miller also scored three touchdowns for Ottawa Hills on runs of 45, 43, and 20 yards.

The Green Bears jumped to a quick 19-0 first quarter lead before Green Springs could retaliate with a score early in the second quarter.

Ottawa Hills Upended, 20-15

Liberty Center rolled up a 20-0 halftime lead Friday, held off a Ottawa Hills comeback to nip the previously unbeaten Green Bears, 20-15.

Brad Brown tallied twice in the second quarter for winners, taking advantage of some loose Ottawa Hills handling. His second score of six yards, proved to be the winning TD, and came after the Bears had fumbled a kickoff late in the half.

Ottawa Hills' second half comeback was led by John Lumm, who scored twice and kicked a conversion, and speedy halfback Mike Miller.

The Bears, now 6-1, had two

John Lumm and Mike Miller scored touchdowns to lead Ottawa Hills to a 14-6 Lakeside Conference victory over Northwood.

Lumm scored on a six-yard run in the second quarter and added the extra points. Miller tallied from four yards out in the final period.

The winners outrushed Northwood, 246-122, while both had no passing yardage.

There's only one way to improve on a 9-1 football season.

Ottawa Hills coach Norm Niedermeier is trying to erase that one imperfection from last year's record, despite losing a busload of talented performers from the 1967 team.

The Green Bears have snapped back with five consecutive victories to open the season and are strong favorites to retain the Lakeshore Conference crown.

"We're coming along a little better than I expected," Niedermeier says honestly. "We lost a lot of kids last year, but people have filled the spots real well."

Biggest loss was premier running back Jim O'Hara, departed now for the University of Indiana.

up where O'Hara left off, scoring 10 touchdowns in the first five games after 10 TDs last year as O'Hara's sidekick.

"He's a classy runner with a lot of moves," Niedermeier explains. "He is stocky, powerful runner with good balance and adequate speed. He can get yardage before they get a hold of him."

Equally important to OH football fortunes had been 6-1, 195-pound senior quarterback John Lumm.

"He has good speed and is a good runner," Niedermeier adds. "We're using him more now than in the past. Last year he ran only on the option. Now he runs on all kinds of plays."

Lumm, a linebacker, and Miller, a corner back, are also outstanding on defense.

The Bears' coach admits, however both could be replaced adequately on defense.

fense, though, would be a tal blow.

Niedermeier utilized a balanced line with an entire multiple.

"Our running game is substantial, but we need a pretty fair passer," Niedermeier says.

Miller and Dave Tuck are the ones who get when Lumm throws. Tuck, who is a defensive end, is 6-0, and weighs 160.

Byron Rudy, a 5-10 speedster, and 5-11 fullback Pete Wilcox are dangerous.

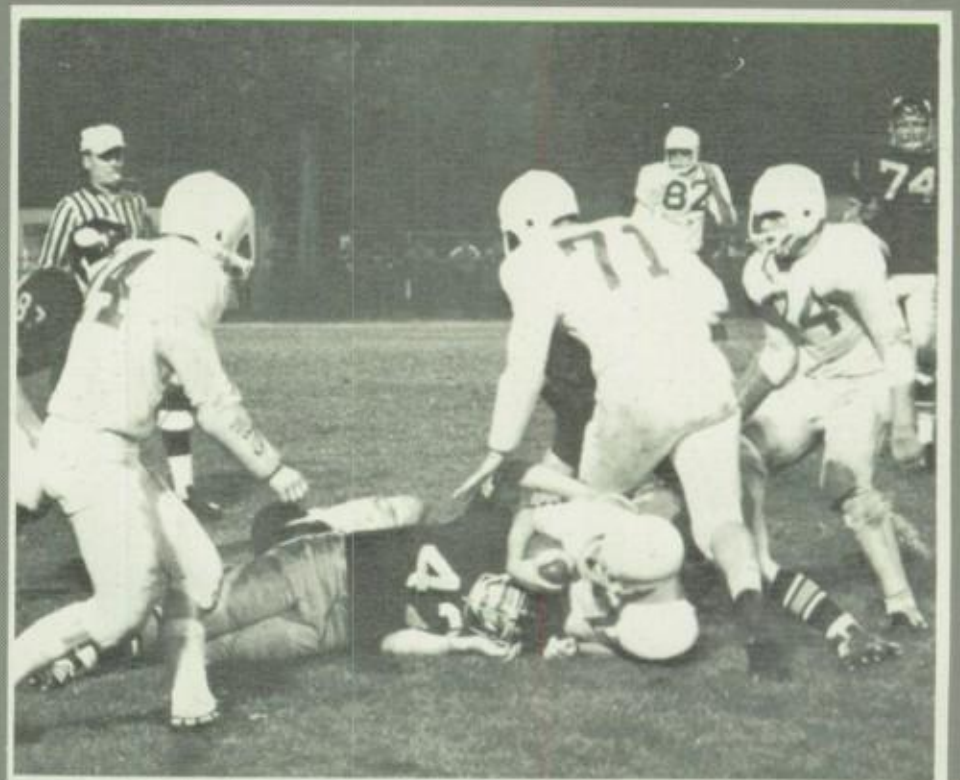

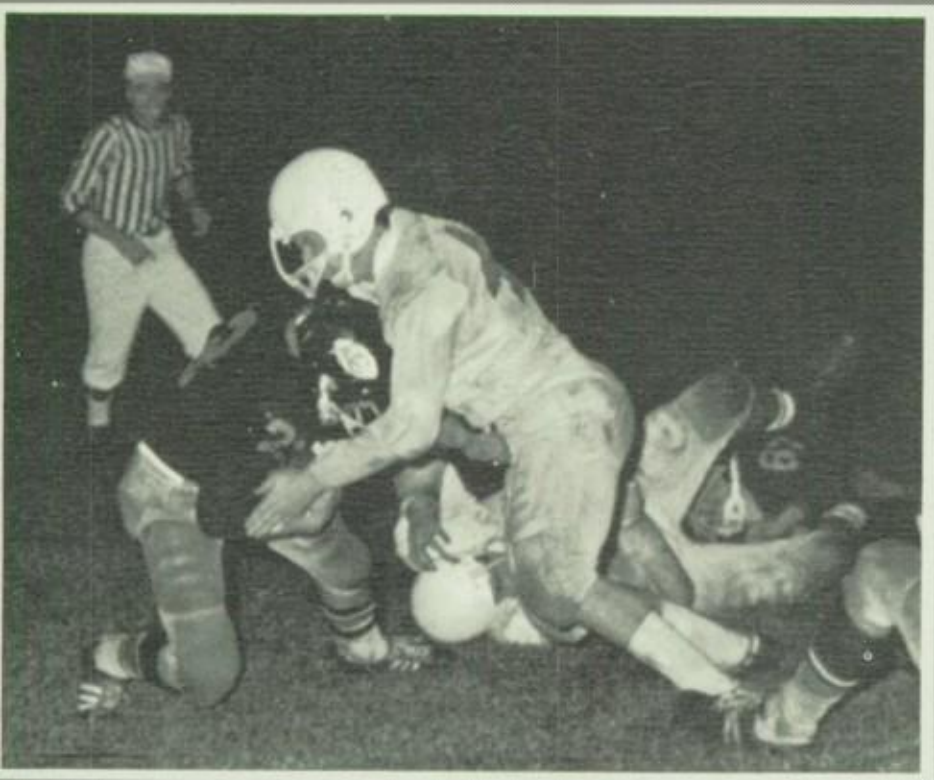

In Ottawa Hills' offense the tackles are the former and the end is a pair of good ones.

Mark Haarbaue is 220 pounds and Jim

Simpson fell on an Ottawa Hills fumble at the Whiteford 38 and the Bobcats marched downfield with the help of three penalties. They got to the visitors' 9 where the drive stalled momentarily, and Doug Nou-

CONGRATULATIONS

to the new graduates

As parents, neighbors, and friends
we naturally have a special interest in
the quality of our schools.

No community is better than its schools,
and no school is better than
the determination and willingness
of a community to support
standards high enough and broad enough
to meet tomorrow's levels of need,
both vocationally and for citizenship.

If you're curious about Fiberglas* just ask a quarterback. Or a racing driver. Or a professional golfer. Or a marine engineer. Or practically anybody. We figure about 30,000 better ways have been found to use Fiberglas products and materials to replace steel, wood, aluminum or cloth. If you want to help find better uses for Fiberglas, and have a challenging career, keep us in mind.
